## *New Credit Card Scam*

*This one is pretty slick since they provide YOU with all the information, except the one piece they want.*

*Note, the callers do not ask for your card number; they already have it... This information is worth reading. By understanding how the VISA & Master Card Telephone Credit Card Scam works, you'll be better prepared to protect yourself.*

*One of our employees was called on Wednesday from 'VISA', and I was called on Thursday from 'Master Card'.. The scam works like this: Caller: 'This is (name), and I'm calling from the Security and Fraud Department at VISA. My Badge number is 12460. Your card has been flagged for an unusual purchase pattern, and I'm calling to verify. This would be on your*

*VI SA card which was issued by (name of bank).  
Did you purchase an Anti-Telemarketing Device  
for \$497..99 from a Marketing company based  
in ?'*

*When you say 'No', the caller continues with,  
'Then we will be issuing a credit to your account.  
This is a company we have been watching and  
the charges range from \$297 to \$497, just  
under the \$500 purchase pattern that flags  
most cards. Before your next statement, the  
credit will be sent to (gives you your address), is  
that correct?'*

*You say 'yes'. The caller continues - 'I will be  
starting a Fraud investigation. If you have any  
questions, you should call the 1- 800 number  
listed on the back of your card (1-800 -VI SA)  
and ask for Security.'*

*You will need to refer to this Control Number.  
The caller then gives you a 6 digit number. 'Do  
you need me to read it again?'*

*Here's the IMPORTANT part on how the scam  
works. The caller then says, 'I need to verify  
you are in possession of your card'. He'll ask you  
to 'turn your card over and look for some  
numbers'. There are 7 numbers; the first 4 are  
part of your card number, the next 3 are the  
security Numbers that verify you are the  
possessor of the card. These are the numbers  
you sometimes use to make Internet purchases  
to prove you have the card. The caller will ask*

*you to read the 3 numbers to him. After you tell the caller the 3 numbers, he'll say, 'That is correct, I just needed to verify that the card has not been lost or stolen, and that you still have your card. Do you have any other questions?' After you say No, the caller then thanks you and states, 'Don't hesitate to call back if you do, and hangs up.*

*You actually say very little, and they never ask for or tell you the Card number.. But after we were called on Wednesday, we called back within 20 minutes to ask a question.. Are we glad we did! The REAL VI SA Security Department told us it was a scam and in the last 15 minutes a new purchase of \$497.99 was charged to our card.*

*Long story - short - we made a real fraud report and closed the VI SA account. VI SA is reissuing us a new number. **What the scammers want is the 3-digit PI N number on the back of the card** Don't give it to them. Instead, tell them you'll call VI SA or Master card directly for verification of their conversation. The real VI SA told us that they will never ask for anything on the card as they already know the information since they issued the card! If you give the scammers your 3 Digit PI N Number, you think you're receiving a credit. However, by the time you get your statement you'll see charges for purchases you didn't make, and by then it's almost too late and/or more difficult to actually file a fraud report.*

*What makes this more remarkable is that on Thursday, I got a call from a 'Jason Richardson of Master Card' with a word-for-word repeat of the VI SA scam. This time I didn't let him finish. I hung up! We filed a police report, as instructed by VI SA. The police said they are taking several of these reports daily! They also urged us to tell everybody we know that this scam is happening.*

*Please pass this  
on to all your  
family, friends  
and neighbors. By  
informing each  
other, we protect  
each other.*

**Neighbors

neighbors; always  
the best policy!
